# ABOUT US

Welcome to Raw Wood Products, Co Founded in 2021 with the primary focus of providing better wood products to consumers. Our founders believe in providing their customers with exceptional customer service, and will not fail in meeting even the most difficult of demands.

We pride ourselves in supplying the highest quality American wood products on the market. We work directly with local family mills to customize every order to meet and exceed our customer's needs.

"We encourage creativity and have the patience to do so". We put the customer first and provide them with the knowledge and products to achieve even the most custom and complex projects.

With our extensive and unlimited product offerings we are sure to source the right products needed for every order. We innovate by supplying products that meet the latest trends in building design.

Our company is based in Montana . Our founders are fifth generation Montanan's with strong roots in the community. We take care of our local communities and keep faith and love in our families. We maintain these values in our everyday lives and treat all of our customer's the same, with respect and dignity. We couldn't maintain our business without the support from our customer's. "Thank you" for your business.

Sincerely,

The Carpenter family

Logan, Corrie, Cowan, and Cassius

## SUSTAINABLY SOURCED PRODUCTS AND PACKAGING

We believe in sustainability, but what is sustainability? Sustainability is the ability to be maintained at a certain rate or level or the avoidance of the depletion of natural resources in order to maintain an ecological balance.

How are we doing this? We source lumber from responsible mills who work closely with harvesters. These harvesters work with the Department of Agriculture to insure they are performing the task at hand correctly and responsibly. Did you know it takes the average Douglas Fir 15 to 20 years to reach mature size for timber harvest? In Montana these trees are harvested from forests that were responsibly planted in the 1990's, these forests are harvested, replanted and will again be ready to harvest in 2040. This same concept is true in hardwood forests in the Southeast. Timber harvest is rotated to provide thinning that promotes tree growth. In some case's timber is harvested from private land that is being cleared for development or is thinned for fire mitigation. These sales prevent the timber from ending up in landfills or slash piles.

RWP salvages reclaimed timber from urban tree maintenance operations and local landfills. These trees are given new life as dimensional lumber, fireplace mantels, live edge slabs and more.

Packaging for shipping and storing products is sourced from suppliers using recycled content. This includes carboard, banding, lumber wrap, and package fill. We take steps to limit waste and over usage in our packaging process. We recycle all waste generated at our facility.

# WHY WOOD?

- WOOD IS A SUSTAINABLE RESOURCE.
- WOOD DESIGN IS TRENDING! MODERN DESIGNS ARE IN, AND EXTERIOR WOOD CLADDING IS A MUST IN MODERN DESIGN. RUSTIC WOOD DESIGN IS STILL TRENDING ACROSS THE REGION.
- NOTHING BEATS THE NATURAL BEAUTY AND CHARACTER OF WOOD. WOOD IS NATURAL, SOMETHING CREATED FROM NATURE. IF YOU ARE INSPIRED BY OUR NATURAL HABITAT, THAN YOU CAN APPRECIATE ALL THE LIFE AND JOY THAT WOOD BEAUTY PRESENTS.
- LOTS OF OPTIONS! FROM LIGHT TO DARK, WOOD HAS EVERY FINISH COVERED. ROUGH OR SMOOTH FINISH. THE POSSIBILITIES ARE ENDLESS.
- WOOD IS EASIER TO INSTALL! NO MECHANICAL PARTS REQUIRED, NO ACCESSORIES. JUST CUT AND FIT.

## FAQS

- DOES WOOD NEED ACCLIMATION BEFORE BEING INSTALLED?
  - YES WOOD FLOORING AND INTERIOR WOOD PANELING SHOULD BE ACCLIMATED TO THE LOCATION BEFORE BEING INSTALLED. MOST PRODUCTS NEED 5 TO 10 DAYS FOR PROPPER ACCLIMATION.
- WHAT IS THE IDEAL MOISTURE CONTENT FOR INTERIOR WOOD PRODUCTS?
  - WOOD PRODUCTS BEING USED IN INTERIOR SETTINGS SHOULD HAVE A MOISTURE CONTENT OF 6 TO 8%
- WHERE DO YOU SOURCE YOUR PRODUCTS?
  - RWP SOURCES PRODUCTS MANY DIFFERENT WAYS. WE USE WHOLESALE DISTRIBUTORS FOR STRUCTURAL AND BULK MATERIALS. BUT WE WOULD RATHER CONTINUE TO SOURCE FROM FAMILY OWNED MILLS. WE WORK WITH FAMILY OPERATED MILLS LOCALY, AND NATIONALLY SOURCING THE HIGHEST QUALITY PRODUCTS. WE BUILD NEW RELATIONSHIPS DAILY AND HAVE CREATED LASTING FRIENDSHIPS WITH THESE PARTNERS OVER THE YEARS.

## BAND SAWN ROUGH LUMBER AND TIMBERS

LOCAL DELIVERY ONLY - SOLD BY THE PIECE

- DOUGLAS FIR
- PINE
- SPRUCE
- CEDAR
- FULL DIMENSIONAL LUMBER
- CUSTOM SIZES TIMBERS
- BAR TOPS AND LIVE EDGE
- 6' TO 24' LENGTHS
